The victim was Miss Elizabeth Ann Stevens, who is employed as a stenographer in Baltimore, and who was on her way to her place of employment when she was stracked. A white man, who gave his name as John Green, but who could not satisfactorily account for his presence not far from the scene of the attempted assault was arrested.

Miss Stevens had taken a short cut through the woods to the station, and, so far as she could see, was absolutely alone on the path. When about half way to the station, a man, whose face she did not see, stepped behind her and "Did you ever notice that the Christian religion and the Christian religion and the Christian religion are totally different things?
